DETAILED ACTION

Oath/Declaration

The reissue oath or Declaration filed July 18, 1997 is objected to as being defective. As to

Applicants independent claims 1 and 17, there is no explanation of "how" the error(s) arose. All

the declaration states is the obvious, i.e., that "the prior counsel did not file any claim in the patent

application of the scope now sought". This merely indicates why this reissue was filed. It does

not state "how" the errors occurred, that is, why did the patent include such "narrow" language?

Why wasn't broader language used in the patent claims? What led Applicants to accept such

narrowed limitations? Also, the declaration is completely silent about claim 24, "how" the errors

arose in failing to provide a claim of its scope. It, also, doesn't indicate; "when" the errors arose,

"how" they were discovered, and "when" they were discovered.

ASSENT

The Assent has not been provided as required by Rule 3.73(b). The Assent must:

establish ownership by;

a)(1). Submitting to the Office copies of the documentary evidence of a

chain of title from the original inventor to the assignee, or

(2). Specifying, by reel and frame number, for example, where such

documentary evidence is recorded in the Office.

Art Unit: 3506

b). There is further requirement that the Assignee submit a statement specifying that the evidentiary documents have been reviewed and certifying that, to the best of the Assignee's knowledge and belief, title is in the Assignee seeking to take action.

c). The statement under 37 CFR 3.73(b) may be signed on behalf of the assignee in the following two manners if the assignee is an organization(e.g., Corporation, partnership, university, government agencies, etc.);

1). The statement may be signed by a person in the organization. An officer (president, vice-president, secretary, or treasurer) is presumed to have authority to sign on behalf of the organization; or

2). The statement may be signed by any person, if the statement includes an averment that the person is empowered to sign the statement on behalf of the assignee and, if not signed by a registered practitioner, the statement must be in oath or declaration form.

Applicants have failed to file an ASSENT.

Claims 1-124 are again rejected as being based upon a defective reissue Declaration under 35 USC 251, for reasons as set forth above.
